Despite our collectively living through the challenges of a global pandemic, you will see as you read through this report that you made so many good things happen at Bethany with your generosity. The new Community Center has opened, a brand new Senior Montessori program was launched on our memory care floor, and critically needed laundry and therapy equipment were purchased. All this is in addition to the numerous socially-distanced activities you made happen to keep our residents’ spirits high during the long months of quarantine.

The elderly population was among the hardest hit by the pandemic. It took all of us coming together to keep our Bethany residents and staff safe. You helped make us #Bethany Strong.

With my heartfelt gratitude,

Sister Jacquelyn McCarthy, CSJ, RN
CEO/Administrator, Bethany Health Care Center
The mission of Bethany Health Care Center is to provide quality care for our residents in a manner which helps them to be connected with God, with other people, and with the world in which they live.

A Sponsored Ministry of the Sisters of St. Joseph of Boston, Bethany serves a community in need regardless of an individual’s socioeconomic or religious affiliation.

With a generous grant from the MetroWest Health Foundation, Bethany Health Care Center is implementing a new Senior Montessori Program. The funds were used to renovate areas on our Memory Care unit, adapting the environment to support memory loss and facilitate independence.

According to Catherine E. Sabatini, Special Care Program Director, “The Montessori Method for Dementia allows our residents living with dementia to experience a joyful engagement in life. The redesigned space provides visual aids to help our residents with cognitive impairment to achieve success. They build routine through repetition with engaging in hands-on materials. It has been a real game-changer for our residents on the second floor!”

Montessori-Based Dementia Programs have been shown to decrease negative feelings and behaviors in people living with dementia. The result is a significant reduction in medications required to improve the behaviors and emotional distress for the patient while improving the quality of interactions with caregivers.

Bethany’s renovated Memory Care environment is the first of its kind in MetroWest, giving community members a close-to-home option to access state-of-the-art dementia care. The residents’ backgrounds, occupations, and personal experiences drive the various activities and spaces in the Montessori Program, which can be adapted and customized as the population changes.

Combining dementia care best practices with the Montessori philosophy, Bethany’s Senior Montessori Program creates a fulfilling way of life, allowing residents living with dementia to rediscover the world around them. For a tour of Bethany’s Memory Care floor, contact Carol Collette, Admissions Director, at 508-270-8751.
An exciting dream has come true with the opening of Bethany’s new Community Center! With generous gifts from the Flatley Foundation, Cummings Foundation, and the Stephen & Mary Birch Foundation, Bethany renovated the old activity room into a gorgeous new functional space.

Daily social, intellectual, spiritual, and physical activities are essential to maximizing residents’ fulfillment, independence, and quality of life. The new Community Center focuses on the need for small group social interactions and individual intellectual stimulation activities to complement the current robust offerings in our activity program.

In this new space, the Bethany Store has a permanent home now, with café tables so residents and their guests can enjoy a cup of coffee. Along with the typical sundries that the residents prefer, the store will also have Bethany “spirit wear” such as hats, water bottles, and sweatshirts available for purchase.

The new Library and Computer Area features hundreds of books for residents to enjoy at their leisure. With accessible shelving, residents can browse and make their selections independently. Large-screen computers are also available. These will give residents access to email, online games to keep their minds sharp, and social media to connect with loved ones.
The brand new spacious Conference Room outfitted with modern audio-visual technology will provide critically-needed meeting space. Whether physicians, nurses, and family members come together for a resident Care Plan meeting, the staff gather for a training, or the Board of Directors is meeting, the Conference Room will accommodate all of our needs.

“We have been eagerly anticipating the opening of the beautiful new Community Center. Though the pandemic restrictions significantly slowed down the construction of the new space, residents and staff alike are thrilled with the outcome. I am looking forward to the Library and Store becoming a real hub for informal gathering once the COVID protocols ease more,” shared Shannon Vinton, Activities Director. We cannot wait for you to visit and see the new Community Center for yourself!
While we certainly have no shortage of healthcare heroes here at Bethany, the true heroes are our beloved residents. During the long months of isolation that the residents endured they demonstrated remarkable resiliency and their strong faith. It was difficult for them to lose the freedom to walk around their home and socialize with their friends. They desperately missed attending Mass together, participating in daily recreational activities as a group, and dining in community. It was a challenging time, to say the least, for this most vulnerable population.

Bethany is more than a community; it is a family. Never has this been more evident than over the past 15 months. While the staff worked tirelessly to keep everyone safe, the residents never stopped offering words of thanks and encouragement. They faced every new protocol and restriction with grace and gratitude. Just recently, one of our Sisters commented, “It has been a hard and scary time, but I am still so grateful to be at Bethany. This is home. And even with all the COVID restrictions, it is a wonderful place.”

During the height of the pandemic, we talked about being #BethanyStrong. We surely draw our strength from the smiles and love we receive from our residents, and the entire staff of Bethany Health Care Center is honored to serve them.
Therese Fleming and her six siblings were all taught by the Sisters of St. Joseph of Boston. Their family was initially introduced to Bethany Health Care Center when a relative, Sister Mary McGovern, got older and began to live at Bethany. “We grew up with the Sisters close to our family. As members of Sacred Heart parish we respected the nuns for their devotion. They were there to help you along the way and teach you about the joy of your religion,” Therese reflected.

“The Sisters give so much of their life to God and to helping many people. The kind and compassionate care at Bethany allows them to continue their ministry in new ways. When Sr. Mary McGovern was a resident, we learned that Bethany truly is home, where the residents and their loved ones are treated as part of the family. We also discovered that several Sisters we had in school had moved to Bethany for medical or rehabilitation care. What amazed my siblings and me was how they remembered all of us!”

In 2019, Therese and her brothers made a generous gift to Bethany to help renovate one of the Assisted Living Floors. Therese shared, “We wanted to pay it forward because that is what our parents taught us. It was essential to each of us that the nuns who taught us and got us through life are taken care of along with their fellow Sisters.

Giving to Bethany makes me feel like I am supporting a small part of the Sisters’ and Bethany’s good work. I can’t be there physically, but I can still be part of the Bethany family. Once you make your first donation, you’re hooked because you see how much good it is doing. Whether you give $5 or $5,000, it all makes a difference.”

In her free time, Therese enjoys playing with her dog Chase, and volunteering with him as a therapy dog team. She says that treating others the way she would like to be treated is a big part of what she learned from the Sisters.

One of Therese’s class photos from Sacred Heart  

Therese with her brothers.
CARING DONORS HELP PURCHASE CRITICALLY NEEDED EQUIPMENT

LAUNDRY
The impact that you have on the residents of Bethany can be seen and felt all around us! Bethany was able to install new high-efficiency Laundry Room equipment this year, due to your generosity.

According to Luis Arce, Director of Laundry & Housekeeping Services, “The biggest benefit we have seen already is the decrease in the amount of time it takes to complete a load of laundry. Now we are able to deliver full carts of clean linens to the floors at the end of each shift, and CNAs do not have to come to the laundry room to re-stock linens. This gives them more time to spend directly caring for the residents.”

The quality in the linens after each wash and dry is significantly improved. The linens come out much whiter and brighter. Not having to treat and re-wash linens will save an estimated 2,080 lbs. and 104 loads of laundry per year!

Luis also reports that staff members are extremely happy with the new laundry equipment. “The machines are very simple to operate, and staff no longer feel as though they are rushing to get the work done. The team’s satisfaction, productivity and efficiency have all improved!”

THERAPY SUITE
Because you gave to Bethany, some much-needed medical equipment has been added to Bethany’s on-site therapy suite, addressing our residents’ daily physical rehabilitation and pain management needs.

The new equipment helps residents with fall prevention, stroke recovery, pain management, wound healing, and generalized strengthening. Therapists may use the equipment to treat soft tissue injuries, slow-healing wounds, and arthritis. These problems can be common in an aged population like our Bethany residents.

According to Danielle Westerman, Director of Rehabilitation Services, “This new, portable therapy equipment has allowed us to enhance our therapy services and provide the excellent care Bethany residents deserve. We can even treat them in the comfort of their room. Several of our residents currently use the equipment as part of their treatment plans, with positive results thus far.”

Because of you, Bethany residents are enjoying a healthier, more active, and fulfilling lifestyle. On behalf of Danielle and the Rehabilitation Services team and all of our Bethany residents who will daily benefit from your generosity, THANK YOU for making this possible.

Please join us for Bethany’s Got Talent 2021!

You can support the mission of Bethany Health Care Center without leaving the comfort of your own home by participating in our upcoming livestream event, Bethany’s Got Talent! Be inspired by our Mission Moments and entertained by Bethany’s talented residents and staff with performances throughout the evening!

Pre-registered viewers can vote live for their favorite act, and the winner will receive a Bethany’s Got Talent trophy.

Fitzpatrick Society members are a special group of committed donors who support Bethany Health Care Center every day through their monthly gifts.

Launched in the spring of 2021, the Fitzpatrick Society is named for Bethany’s original benefactors, Thomas B. and Sara G. Fitzpatrick (right), who deeded their beautiful Framingham estate to the Sisters of St. Joseph in 1916 and donated funds to build a home for the Sisters to enjoy rest and relaxation. More than 100 years later the extended Fitzpatrick family continues the legacy with their generosity to Bethany Health Care Center.

Joining the Fitzpatrick Society is easy and secure! Just visit our website at www.bethanyhealthcare.org/fitzpatrick. Once you register with your EFT or credit card information, your gift will automatically be made monthly until you choose to end your membership.

Giving monthly is a convenient way to split your annual donation into manageable gifts, helping you plan your budget.

- Your monthly support will help create a predictable funding stream so we know what resources we can anticipate throughout the year
- You will help reduce the cost of fundraising and receive fewer mailings (great for the environment, too!).
- You will receive an Annual Giving Statement for tax purposes
- Your gift is automatically charged to your credit card monthly and you can stop your membership at any time
- You will feel great knowing that your small gift every month allows you to support Bethany’s mission in a big way every day

When you join Bethany’s Fitzpatrick Society, you will make a tremendous difference every day in lives of the elderly residents who call Bethany Health Care Center home. Your continued generosity will allow us to provide the highest quality healthcare and to care for these women like the family that they are. We hope that you will consider joining the Fitzpatrick Society today!
